Traditional

Classic Beauty of Handsplit Wood Shake

DECRA® Shake XD® offers the classic beauty and architectural detail of a thick, rustic, handsplit wood shake combined with the superior performance and longevity of steel. Shake XD® is lightweight, durable and provides safety and security beyond other roofing products. The steel Shake XD® panels support foot traffic and will not crack, split, curl or break like traditional wood shakes.

Architectural

Architectural Shingle at a Fraction of the Weight

DECRA Shingle XD® has the rich bold appearance of a heavy-weight architectural shingle at a fraction of the weight. With its thick cut edges and deep distinctive shadow lines, DECRA Shingle XD® provides greater dimensionality and a robust appearance. This profile adds wonderful appeal to traditionally styled homes and is ideal for those who prefer the look of heavy-cut shingles.
